Formerly **TOSHIBA** PC Company

The Dynabook
AR100 viewer

Unprecedented mobility –
a new Vision from the Edge

When powered by a Windows computing device, the AR100 offers a lightweight, hands-free, head-mounted smart-glasses solution designed to optimise productivity, security and mobility anywhere. Complete with in-built noise-cancelling audio, a powerful 5MP camera and crisp nHD display screen (640x360), the AR100 enables field-based workers to collaborate in real-time with remote experts in vivid detail. A suite of software solutions delivered via native and partner applications make it easy for remote workers to fulfil a variety of tasks hands-free and unhindered, from diagnostics and repair to live information capture and sharing.

Weighs just 48g

A fully hands-free experience

High-quality 5MP camera
for information capture and sharing

Crisp in-built noise-cancelling audio
for clear communications

Easy to use
with ergonomic touchpad and controls

Responsive to your environment
with a range of in-built sensors
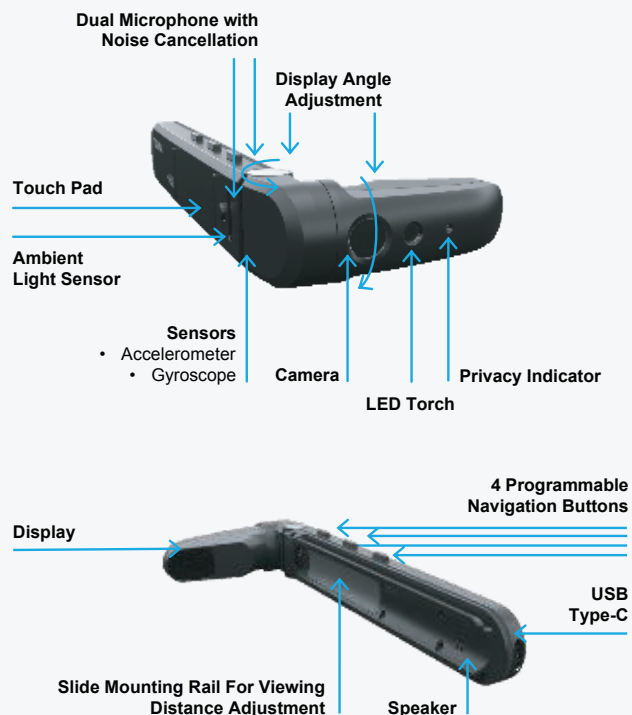

Windows Pro compatible

■ Windows 10 ■ Windows 11

Uniquely, the dynaEdge AR100 is compatible with Windows 10 or 11 Pro devices. The AR100 can therefore be seamlessly integrated into your organisation's IT infrastructure, without security and compatibility concerns.
