dynabook

Formerly TOSHIBA PC Company

dynaEdge
DE200

Enterprise-class
Edge Computing

The Dynabook dynaEdge DE200 is a high-performance Windows 10 or 11 Pro-based mobile edge computing device, powered by the latest 11th generation full performance Core i3, i5 and i7 CPUs to deliver maximum efficiency at the edge. Rugged and robustly built, up to seven-hour battery life ensures remote workers remain productive throughout the working day no matter their location, with integrated 4G LTE ensuring seamless connectivity regardless of WiFi availability.

As a standalone device, the DE200 can be used in a variety of use cases: for example driving a smart display or conference room solution; as an edge device attached to sensors in agricultural or industrial settings; or even as a print server.

Paired with compatible dynaEdge or third-party smart glasses, the dynaEdge DE200 opens up a myriad of possibilities for increasing efficiency, from Remote Expert to Pick and Pack solutions.

Windows-based
for seamless integration with your existing IT infrastructure

Enterprise-grade security
with fingerprint reader, secure BIOS and Windows 10/11 Pro features

Multiple uses
both as a standalone device and with compatible Smart Glasses

Ruggedised design
to function even in harsh conditions

Stay connected
with integrated 4G LTE WiFi and Bluetooth

Easy to operate
via large buttons
